## Mission

Founded in 1910, the Society for the Preservation of New England Antiquities is a museum of cultural history that preserves, interprets, and collects buildings, landscapes, and objects reflecting New England life from the seventeenth century to the present, for the enjoyment and benefit of all.

SPNEA promotes the highest standards of excellence in preservation, makes its technical expertise widely available, and uses its nationally significant collections as the basis for educational programs, exhibitions, research, and publications to further the appreciation and understanding of New England culture.
